

**SEEDS & SPORES ORDER FORM for 2017- Please return order form ASAP to reserve your shares.**

CSA boxes of fresh produce can be delivered to the drop site (417 S. 3<sup>rd</sup> Street in Marquette), to your home, or they can be picked up at the farm. The CSA season will run 20 weeks from June 14<sup>th</sup> until Oct 25<sup>th</sup>. Cookbooks for new members will be in the first box. Members are responsible to either pay for the season in full or pre-pay in five week blocks throughout the growing season. We accept cash or checks. If you will be out of town, we encourage you to share your box with a friend or donate it to a local charity. We can also credit your account with prior notification. Please include your email as it makes communication much easier.

## **2017 ORDER FORM for Certified Naturally Grown Beef and Pork**

Our livestock is naturally raised in a healthy and humane manner. All of our animals are an integral part of our diverse farm organism, and we enjoy caring for them. They live outdoors on pasture in the fresh air and sunshine as nature intended. Both our beef and pork are available in limited quantities and will be sold in the order that deposits are received.

### **Grass Fed Beef**

Our cattle are hardy breeds that thrive on pasture. We currently raise Scottish Highlanders and Red Angus. They produce a nutritionally superior meat that is 3-5 times higher in omega 3 fatty acids and CLA (conjugated linoleic acid) than traditional beef. The cattle rotationally graze a diverse diet of re-mineralized pasture. Our brood herd is overwintered on organic hay. The meat is extra lean and requires a bit more care in preparation, but the result is worth it. We are offering Grass Fed Beef by the half or split half (1/4). Orders will be processed to your specifications. Expected hanging weight per beef is approximately 450 lbs. Price includes processing and packaging. Hamburger patties and bratwurst have an extra charge per pound. We sell limited sides of beef, and they are usually all reserved early in the season.

Grass Fed Beef- Available December 2017

1/4(split half)@\$5.15/#\_\_\_\_\_ 1/2@\$5.15/#\_\_\_\_\_

**Beef deposit \$\_\_\_\_\_**

Please include \$100 deposit on your beef order.

### **Pasture Raised Pork**

Our hogs are raised outside while rotating through diverse pastures. They are born on our farm and stay with their mothers until weaning. They help recycle culled vegetables from our fields and are supplemented with a ration of organic grains, organic minerals, probiotics and kelp, which is freshly ground and mixed on the farm. We are offering our pasture raised pork by the quarter, half or whole. Expected hanging weight is approximately 200 pounds per hog. Price includes processing and packaging. Smoking, sausage, and bratwurst have an extra charge per pound. Split halves (1/4's) are processed in a standard user-friendly package with chops, fresh roasts, smoked bacon and hams, and breakfast sausage made from the trimmings.

Pasture Pork Available Summer or Fall 2017 (please circle one)

Please include a \$100 deposit with your pork order.

### **Pasture Raised Pork Bundles**

Pork bundles are currently available. They are great for a gift or for those tight on freezer space. The bundles are a mix of bacon, ham, hocks, chops, roasts, and sausage, and are a 10% savings on our regular prices. We can also tailor a bundle to your specific cut requests.

### **Eggs from Pasture Raised Chickens**

During the main growing season, eggs will be available for sale at the drop site, the Downtown Marquette Farmers Market, or directly from us at the farm. If you sign up for home delivery or farm pick up for your CSA share and are interested in eggs, please contact us. Depending on our flock's production, we may offer a limited number of reserved egg shares and winter shares- let us know if you would like to be on the waiting list.
